A Cat Will Play: Shadow Book Two (Volume 2) M. Duda
Three twisted tales explore the dark side of human nature
...and the possibilities of fantastic unexplored worlds.

- Three new and different short stories
- Experience psychological horror in the short story "CRDL"
- A lost family member may be found in the afterlife, "Christmas Never Snows"
- In "Cosmo's Tale," growing up is harder than it looks for a young Esther
- A thread of dark irony weaves through each tale

Welcome to a shadowy world of imagination and depth--where the veil between worlds is much thinner than we ever thought possible and the biggest question is never *what* happens next, but *why*. In this dark and unexplored place, good intentions don't always work out as planned, and the living and the dead each find themselves trapped in cages of their own making.

Containing three unique and imaginative tales, *A Cat Will Play* showcases the very best and worst of human nature through very different characters and situations. Experience the psychological horror of a postapocalyptic world in "CRDL," a young girl's search for excitement and answers in "Cosmo's Tale," and the haunting journey of an earthbound spirit in "Christmas Never Snows."

At times playful, terrifying, and twisted, M. Duda's second installment of the Shadow Books series evokes a broad range of settings and moods with an underlying thread of darkness that masterfully ties each story to the next. Fans of futuristic sci-fi, paranormal fantasy, and young adult literature will each find something to enjoy in *A Cat Will Play*--and find themselves anxiously awaiting Shadow Books to come.
