Compelling and relatable stories engage students in learning biology
Colleen Belk and Virginia Borden Maier have helped students understand biology for more than twenty years in the classroom and over ten years with their popular text, ***Biology: Science for Life*.** The thoroughly revised **Fifth Edition** engages students with new storylines that explore high-interest topics such as binge drinking, pseudoscience, and study drugs. The book and MasteringBiology resources also help students develop scientific skills using new *Working With Data* figure legend questions and addresses common misconceptions with *Sounds Right, But Is It?* discussions in each chapter. This edition also offers a wealth of new "Flipped Classroom" activities and other resources to help professors enliven their classes and to help students assess their understanding of biology outside of class.

Personalize Learning with MasteringBiology
MasteringBiology is an online homework, tutorial, and assessment product proven to improve results by helping students quickly master concepts. Students benefit from self-paced tutorials that feature personalized wrong-answer feedback and hints that emulate the office-hour experience and help keep students on track. With a wide range of interactive, engaging, and assignable activities, students are encouraged to actively learn and retain tough course concepts. New assignment options for the Fifth Edition include *Interactive Storyline* activities, *Working with Data* questions, *Savvy Reader: Evaluating Media* activities, and more.
