It is almost impossible to describe this book.

This work, this journal of non temporal spiritual experiences and teachings, carries with it the mandate that 'experience teaches', concepts are nothing, and if nothing else, this book is certainly an experience.

It will leave you with all the answers at your fingertips, and a thirst for life that will quench the revealed, barren landscape, of your mind. You will very likely keep this book your entire life and refer to it many, many times.
