William D. Middleton

Traction Classics: The Interurbans : The Great Wood and Steel Cars William D. Middleton
Volume 1 in this series traces the history of the interurban car in all its diversity through a series of profiles of individual cars that were either representative of a particular stage of development or were particularly notable examples of the car building art. The book covers more than 30 classic interurbans from the eras of wood, composite wood and steel, and heavyweight all steel. Illustrated with over 350 black and white photos together with dozens of detailed scale drawings, specifications and data tables. With bibliography. 257 pages with index.
