If life is a journey, then consider this book part of your map, and let the daily humorous and thought-provoking quotes inspire you to document 1,826 days of your life. The five-year journal is not a new trend. A century ago they were all the rage, and those who still keep these journals understand why. They are a quick reference to your triumphs, heart breaks, and periods of listlessness. They provide unexpected insights, like perhaps noting the fact that the first snow came on the same day three years in a row at your house. Or maybe you just learn at the end of a day that exactly one year ago you went to the same restaurant with the same person one the same day and ordered the same thing off the menu. What are the odds? Whether monumental or mundane, it's always fun to look back and see how far you've come. This journal can do that and more for you. Start yours today or give it as a gift. Five year journals are a very healthy addiction. **Please note:** Diehards often remove the spine and replace it with their preferred type of ring binding to help their journals withstand the wear and tear of time.
