Camera RAW 101: Better Photos with Photoshop, Elements, and Lightroom Jon Canfield
The most up-to-date techniques for shooting in RAW format, using the newest features of the latest software

Many serious amateur photographers have trouble getting that "wow" shot from their digital cameras. And they're discovering that working in RAW (the digital equivalent of a film negative) takes their photographs to the next level, giving them the control they need to get the highest image quality possible. The problem is, while most photographers know how to shoot RAW, they might not understand how to best deal with "RAW captures" to achieve the ultimate goal: producing the best images.

In *Camera RAW 101*, digital photography and software expert Jon Canfield explains everything you need to know to make the most of RAW captures using the newest versions of Photoshop, Elements, and Lightroom. You'll find out how to get the most detail from your RAW files–whether it's correcting shadows and highlights, fixing white balance, or getting rid of noise. You'll learn how to convert RAW images using both basic and advanced techniques, as well as how to download and organize the images, and put the finishing touches on them after conversion.

Packed with beautiful images, solid instruction, and working examples–including screen grabs and before-and-after contrasts that show each step–this is a must-have for any serious amateur photographer who wants to take better, more creative photographs.

Jack Murray:

As a pupil exactly feel bored to help reading. If their teacher inquired them to go to the library in order to make summary for some publication, they are complained. Just very little students that has reading's heart or real their passion. They just do what the instructor want, like asked to go to the library. They go to presently there but nothing reading very seriously. Any students feel that reading through is not important, boring along with can't see colorful pics on there. Yeah, it is being complicated. Book is very important for you

personally. As we know that on this period of time, many ways to get whatever we wish. Likewise word says, many ways to reach Chinese's country. So , this Camera RAW 101: Better Photos with Photoshop, Elements, and Lightroom can make you sense more interested to read.
