A short excerpt from Donald J Trump & Social Media Marketing "Make America Great Again"

Trump's persona is the epitome of his Brand, "I say whatever is on my mind and back it up with No Apologies". America needs to have a candidate in house with a strong backbone. A candidate whom will fight for what he believes in. A candidate who won't back down, no matter what political issue is on the 'front burner' at the moment.

Many opponents wonder though, even if Trump were to win the election, is he really the right man for such a long-term, heavy commitment? Trump has admitted that he himself has a tendency to get bored easily with

business ventures. In one of his books he even wrote, "The same assets that excite me in the chase, often, once they are acquired, leave me bored". "For me, you see, the important thing is the getting, not the having."
