Comply with the law and be free!

Keep your money 12 different ways and be fully compliant

This book is short, easy to read and completely 'non-technical'. You will find an interesting personal testimonial about how the author found harmony between God's law and man's law to live a more simple and abundant life free from the technical bureaucracy of the I.R.S. Each of 12 of the 14 short chapters explores a uniquely different and fascinating application of the law which the author used himself to be true to his own personal character and nature without being in conflict with any prescribed federal laws. Any one of the 12 methods would be sufficient in and of itself to accomplish the same end. In this book you get '12' for the price of '1'. 25 years of living in peace and abundance should be proof enough of the effectiveness of his approach.

You should find the book enlightening, revealing and entertaining!

Give unto Ceasar that which is Ceasar's!

This Christian mantra is often misunderstood and mis-applied. The author addresses this with a simple but critical analysis. One cannot argue the biblical scriptures. On the other hand, one should not give 'Ceasar' what is truly the property of 'your family'! Being able to discern the difference is what separates the ignorant from the good stewards!

Everyone should pay their 'fair share'

To this age old cliche, the author couldn't agree more. We all have our personal responsibility for maintaining an orderly society. Now that we've agreed on that, let's just try and figure out exactly what 'YOUR" fair share is. The author has some statistics to back him up and you can prepare your check post haste and get ready to send it in. This will be an interesting discussion!

Not intended for closed minds.

This book is only intended for those who are prepared to learn something new and whose minds are open to expanded awareness and critical thinking. Anyone else is likely to be offended and should refrain from buying or reading this book. There! You've been warned!
