Knowledge of the Higher Worlds and Its Attainment

Rudolf Steiner

Knowledge of the Higher Worlds and Its Attainment Rudolf Steiner
In preparing this new edition of Knowledge of the Higher Worlds and Its Attainment I have gone over every detail of the subject as I had presented it over ten years ago. The urge to make such a review is natural in the case of disclosures concerning soul experiences and paths such as are indicated in this book. There can be no portion of what is imparted which does not remain intimately a part of the one who communicates it, or which does not contain something that perpetually works upon his soul. And it is inevitable that this work of the soul should be joined by an endeavor to enhance the clarity and lucidity of the presentation as given years before. This engendered what I have endeavored to accomplish in this new edition. All the essential elements of the expositions, all the principal points, have remained as they were; yet important changes have been made. In many passages I have been able to increase the accuracy of characterization in detail, and this seemed to me important. If anyone wishes to apply what is imparted in this book to his own spiritual life, it is important that he should be able to contemplate the paths in question by means of a characterization as exact as possible. Misconceptions can arise in far greater measure in connection with the description of inner spiritual processes than with that of facts in the physical world. The mobility of the soul life, the danger of losing sight of how different it is from all life in the physical world—this and much else renders such misunderstandings possible. In preparing this new edition I have directed my attention to finding passages in which misconceptions might arise, and I have endeavored to forestall them.
