He had blood on his hands when I walked in that day. Though it should have drove me far from wanting anything to do with my illustrious boss, instead, it forced me to look closer.

Too close.

It started as a simply infatuation. Dark hair, deep green eyes and a dominance about him that left everyone paying attention, but that was only the beginning. Things got off track the moment I let myself look beyond what I could truly see and explain.

Thus began the unfolding of Equilibrium.

My part in the powerful structure set up to maintain the balance between good and evil? I have no clue. The epicenter of all power has passed and someone has to take his place.

I can only hope that it's not me. I'm not prepared for such a journey, nor will I ever be. I don't even believe in good and evil. But somehow the truth remains... I have no choice in what's to come.

The Core is missing and the position will not go unfilled.

The Invitation: Join us from the beginning of this journey and emerge yourself in the alterative reality that Kate Thomas has created. Let the here and now subtly fade away as you discover something new, and perhaps even find yourself changed by the authentic human experience presented in this fantastic magic adventure.

Not everything is quite what it seems... But you knew that already.
