GRAFOLOGÍA (II). Diccionario Grafológico (Volume 2) (Spanish Edition) David Codina
¿Se puede conocer la personalidad de una persona, sus temores, sus fobias, sus aptitudes, sólo con el análisis de su letra? ¿Podemos desvelar nuestra intimidad cada vez que realizamos una firma o un escrito? Aparentemente sí. La grafología, esa técnica que busca a través de la escritura o la firma desentrañar la mente del escribiente o firmante, tiene actualmente diversos usos en nuestra vida diaria. Los empresarios la utilizan para saber si en verdad la persona a la que contratan es la que dice ser, y la policía, para descubrir cuál es el verdadero rostro de ese asesino en serie oculto entre cartas anónimas. En este libro daremos algunos de los tips más usados por lo grafólogos y grafopsicólogos para identificar la personalidad y la intimidad de cualquiera de nosotros y ofreceremos un método fácil y sistemático para adquirir el fundamental aprendizaje de la Grafología y desarrollar la capacidad de observación grafológica. Este libro, se complementa con “Grafología (I) – Tu personalidad en tu escritura”, donde se aborda, al detalle, los diferentes tipos de escritura existente.
