The Souls of Black Folk W. E. B. Du Bois

"The problem of the twentieth century is the problem of the color line," writes Du Bois, in one of the most prophetic works in all of American literature. First published in 1903, this collection of 15 essays dared to describe the racism that prevailed at that time in America-and to demand an end to it. Du Bois' writing draws on his early experiences, from teaching in the hills of Tennessee, to the death of his infant son, to his historic break with the conciliatory position of Booker T. Washington.

Du Bois received a doctorate from Harvard in 1895 and became a professor of economics and history at Atlanta University. His dynamic leadership in the cause of social reform on behalf of his fellow blacks anticipated and inspired much of the black activism of the 1960s.

The Souls of Black Folk is a classic in the literature of civil rights.

William Edward Burghardt Du Bois (1868-1963) was one of the greatest African American intellectuals - a sociologist, historian, novelist, and activist whose astounding career spanned the nation's history from Reconstruction to the civil rights movement. Born in Massachusetts and educated at Fisk, Harvard, and the University of Berlin, his masterpiece remains his most studied and popular work. Its insights into black life at still ring true today.
