Social Policy for Social Work: Placing Social Work in its Wider Context

Lorraine Green, Karen Clarke

Social Policy for Social Work: Placing Social Work in its Wider Context Lorraine Green, Karen Clarke Contemporary social work cannot be understood without an appreciation of the broader context of social policy in which it takes place. Such an understanding is increasingly important as social workers are expected to work across institutional, professional and even national boundaries in new ways profoundly affected by the changing global context.

This insightful book examines how shifts in the dominant political ideology have affected the nature of welfare provision, the kinds of social problems addressed by policy, and the balance of responsibilities for well-being between individuals, the family, voluntary organizations, the market and the state. It explains the impact of these developments on the organization of social work and on relationships between social workers and service users. The book discusses contested concepts central to social work – such as justice, liberty, equality, difference, need and risk – and illustrates these through a range of examples.

The critical analysis provided in this book offers students of social work a crucial foundation for negotiating difficult and sensitive practice situations and defending their profession, providing them with the tools and knowledge to uphold key professional values.

These books produce itself in the form that is reachable by anyone, yeah I mean in the e-book application form. People who think that in publication form make them feel drowsy even dizzy this reserve is the answer. So there is not any in reading a book especially this one. You can find what you are looking for. It should be here for an individual. So , don't miss that! Just read this e-book kind for your better life and also knowledge.

Philip Nguyen:

As a college student exactly feel bored to reading. If their teacher asked them to go to the library or make summary for some e-book, they are complained. Just little students that has reading's spirit or real their hobby. They just do what the professor want, like asked to the library. They go to generally there but nothing reading seriously. Any students feel that examining is not important, boring in addition to can't see colorful pictures on there. Yeah, it is for being complicated. Book is very important to suit your needs. As we know

that on this era, many ways to get whatever we wish. Likewise word says, many ways to reach Chinese's country. So , this Social Policy for Social Work: Placing Social Work in its Wider Context can make you feel more interested to read.
