Don't Wake Up Shauna Elaine Kelley
Gillian has always encompassed the vast space between pretty and ugly. In fact, she is painfully aware that there is nothing remarkable about her, until her husband Ricky experiences a mysterious fall that leaves him in a comatose state. As doctors and nurses rush to assure her that Ricky will recover well, Gillian thinks of the years of cold silence and manipulation that have overshadowed their marriage. As the coma persists, Gillian dreams of a different life, one her marriage has denied her, and hopes Ricky does not wake up. Nonetheless, his eyes open to reveal a man who claims to remember nothing of his former self. Gillian, convinced that this is only a furthering of his past cruelty, seeks to test this new Ricky. She invents a family they never had, and fills his head with stories of an imaginary life. Ricky becomes a father, and an orphan, eagerly accepting magazine-clipped photos and an urn filled with cigarette ash as evidence of his once-happy life. But, as Ricky persists in his assertion that he remembers nothing of their real past, Gillian begins to question how far she can go in punishing a man for sins he cannot remember committing.
