Essentials of Anatomy and Physiology for Nursing Practice Jennifer Boore, Neal Cook, Andrea Shepherd

Get 12 months FREE access to an interactive eBook when you buy the paperback! (Print paperback version only, ISBN* 9781473938465*)*

Drawing together the best of text, video and interactive material for the complete A&P learning resource for nurses.

Effective, holistic nursing is impossible without a firm grasp of how the human body functions but knowledge of the scientific theory on its own is not enough. Using the person-centred practice framework as a guiding principle, this book brings anatomy and physiology to life combining the best of print and online learning into one integrated package.

Key features

- Connects theory with nursing practice exploring the science from the perspective of a fictional family
- Supported by a rich array of video material including interactive figures, animations and mini-tutorials – perfect for visual learners
- Full of engaging activities designed to complement self-directed learning
- A bank of 170 online multiple choice questions and over 800 flashcards – ideal for revision and consolidating knowledge
- Written with the needs of nurses firmly in mind, focussing on the essential information

More than just a book!

Each purchase includes 12 months access to an interactive eBook version which seamlessly blends the traditional textbook format with the best of online learning. Students can study when and how they want and make use of additional tools including search, highlighting, annotation note sharing and much more.

The book is also supported by a SAGE Edge website containing complete access to videos, animations, student revision material and action plans. Lecturer resources to support your teaching, including downloadable figures from the book and a test bank of questions for assessment use, are also available. Visit to https://edge.sagepub.com/essentialaandp to find out more.

From reader reviews:

Debbie Brown:

As people who live in the actual modest era should be update about what going on or information even knowledge to make them keep up with the era and that is always change and make progress. Some of you maybe can update themselves by studying books. It is a good choice for yourself but the problems coming to anyone is you don't know what kind you should start with. This Essentials of Anatomy and Physiology for Nursing Practice is our recommendation to cause you to keep up with the world. Why, because book serves what you want and need in this era.

Phyllis Kelly:

Nowadays reading books are more than want or need but also work as a life style. This reading habit give you lot of advantages. Advantages you got of course the knowledge the rest of the information inside the book in which improve your knowledge and information. The information you get based on what kind of book you read, if you want drive more knowledge just go with schooling books but if you want sense happy read one using theme for entertaining for example comic or novel. Typically the Essentials of Anatomy and Physiology for Nursing Practice is kind of e-book which is giving the reader erratic experience.

Caleb Jones:

Your reading 6th sense will not betray you actually, why because this Essentials of Anatomy and Physiology for Nursing Practice e-book written by well-known writer who knows well how to make book that may be understand by anyone who else read the book. Written with good manner for you, dripping every ideas and creating skill only for eliminate your hunger then you still question Essentials of Anatomy and Physiology for Nursing Practice as good book not only by the cover but also through the content. This is one e-book that can break don't determine book by its cover, so do you still needing yet another sixth sense to pick this!? Oh come on your reading through sixth sense already told you so why you have to listening to one more sixth sense.

Lori Barnes:

What is your hobby? Have you heard that question when you got students? We believe that that query was given by teacher with their students. Many kinds of hobby, Everybody has different hobby. Therefore you know that little person similar to reading or as examining become their hobby. You need to understand that reading is very important in addition to book as to be the point. Book is important thing to incorporate you knowledge, except your current teacher or lecturer. You find good news or update regarding something by book. Numerous books that can you go onto be your object. One of them is this Essentials of Anatomy and Physiology for Nursing Practice.
