A World Waiting to Be Born: Civility Rediscovered M. Scott Peck
Just as *The Road Less Traveled* provided hope and guidance for individuals seeking growth, this major new work by M. Scott Peck, M.D., offers a needed prescription for our deeply ailing society. Our illness is *Incivility*--morally destructive patterns of self-absorption, callousness, manipulativeness, and materialism so ingrained in our routine behavior that we do not even recognize them. There is a deepening awareness that something is seriously wrong with our personal and organizational lives. Using examples from his own life, case histories, and dramatic scenarios of businesses that made a conscious decision to bring civility to their organizations , Dr. Peck demonstrates how change can be effected and how we and our organizations can be restored to health. This wise, practical, and radical book is a blueprint for achieving personal and societal well-being.
