The N-Word of the Narcissus

Joseph Conrad

The N-Word of the Narcissus Joseph Conrad
WordBridge Publishing has performed a public service in putting Joseph Conrad's neglected classic into a form accessible to modern readers. This new version addresses the reason for its neglect: the profusion of the so-called n-word throughout its pages. Hence, the introduction of "n-word" throughout the text, to remove this offence to modern sensibilities. The N-word of the Narcissus tells the tale of a fateful voyage of a British sailing ship, and on that voyage the ability of a lone black man to take the crew hostage. The ability of this man to manipulate an entire ship's crew can no longer be seen as a mere exercise in storytelling. Conrad in fact appears to have been the first to highlight the phenomenon of manipulation based in white guilt.
