Bones Edgar Wallace
You will never know from the perusal of the Blue Book the true inwardness of the happenings in the Ochori country in the spring of the year of Wish. Nor all the facts associated with the disappearance of the Rt. Hon. Joseph Blowter, Secretary of State for the Colonies.
We know (though this is not in the Blue Books) that Bosambo called together all his petty chiefs and his headmen, from one end of the country to the other, and assembled them squatting expectantly at the foot of the little hillock, where sat Bosambo in his robes of office (unauthorized but no less magnificent), their upturned faces charged with pride and confidence, eloquent of the hold this sometime Liberian convict had upon the wayward and fearful folk of the Ochori.
Now no man may call a palaver of all small chiefs unless he notifies the government of his intention, for the government is jealous of self-appointed parliaments, for when men meet together in public conference, however innocent may be its first cause, talk invariably drifts to war, just as when they assemble and talk in private it drifts womanward.
And since a million and odd square miles of territory may only be governed by a handful of ragged soldiers so long as there is no concerted action against authority, extemporized and spontaneous palavers are severely discouraged.
But Bosambo was too cheery and optimistic a man to doubt that his action would incur the censorship of his lord, and, moreover, he was so filled with his own high plans and so warm and generous at heart at the thought of the benefits he might be conferring upon his patron that the illegality of the meeting did not occur to him, or if it occurred was dismissed as too preposterous for consideration…
