1984 meets *Idiocracy* meets the 2016 US Presidential election

KIRKUS REVIEWS BEST OF THE YEAR SELECTION

"In a dumbed-down, dystopic near-future America, high-tech tycoon Manny Kahn fights to save the nation from political pathologies brought about by his own creation, a ubiquitous online search engine...Witherspoon keeps the narrative as lean as an iPad and resists the gimmick of writing the thing in text-message shorthand. Though characterizations are often tweet-deep, the nonstop invention and wit spare neither the left nor the right. Sharp-toothed and Bluetoothed--gigabyte-size political and social satire for the wired generation." KIRKUS REVIEWS

"...as page-turning as it was satirical and allegorical. It simultaneously pokes fun and offers commentary on privacy and the negative effects of social networks. Buy it in paperback form, or enjoy the irony of downloading the ebook." PEOPLE'S WORLD Top 10 books of 2014

OTHER REVIEWS

"Paranoid nonsense. Witherspoon sounds like an out of touch Luddite with a superiority complex and I have deep concern for his mental state." Mitch Witherspoon, Strobe's son.

"Almost as good as my first novel." Horace Witherspoon, Strobe's uncle and author of *Are There Chicken Nuggets in Heaven?*

"Serious and silly, earnest and cynical. The struggle to balance national security and personal privacy comes alive in this heart-pounding debut novel. A clarion call to all who think clearing their Internet history is enough. As politics, technology, and commerce continue on their collision course, this book asks, 'are we ready'?" Amber Witherspoon, Strobe's cousin and founder, bookjacketquotes.com

"I have no son." Richard "Tricky" Witherspoon, Strobe's Dad.

2026. furtl, America's once dominant technology conglomerate is bleeding money. Holospace machines out of China have transformed the way people do business on the Internet and furtl can't keep up. But there is hope. If furtl can get the US government to outlaw Holospace machines, their search algorithms, social networks, and proximity payment systems will live to see another day. All the government wants in return is unrestricted access to furtl's user information so it can squash its political opponents. It's the perfect plan (issues pertaining to privacy, innovation, and democracy notwithstanding).

From reader reviews:

Robert Rios:

This furtl book is absolutely not ordinary book, you have after that it the world is in your hands. The benefit you have by reading this book is definitely information inside this reserve incredible fresh, you will get information which is getting deeper you read a lot of information you will get. This kind of furtl without we recognize teach the one who examining it become critical in pondering and analyzing. Don't be worry furtl can bring any time you are and not make your case space or bookshelves' become full because you can have it in your lovely laptop even cell phone. This furtl having very good arrangement in word and also layout, so you will not really feel uninterested in reading.

Roxie Lloyd:

Hey guys, do you wants to finds a new book to read? May be the book with the concept furtl suitable to you? The particular book was written by well-known writer in this era. The actual book untitled furtlis the main one of several books that will everyone read now. This specific book was inspired lots of people in the world. When you read this publication you will enter the new shape that you ever know just before. The author explained their idea in the simple way, consequently all of people can easily to recognise the core of this reserve. This book will give you a lot of information about this world now. So that you can see the represented of the world on this book.

Richard Hund:

That reserve can make you to feel relax. This kind of book furtl was multi-colored and of course has pictures on the website. As we know that book furtl has many kinds or category. Start from kids until youngsters. For example Naruto or Detective Conan you can read and think that you are the character on there. So , not at all of book tend to be make you bored, any it makes you feel happy, fun and loosen up. Try to choose the best book in your case and try to like reading in which.

Gary Johnson:

As a university student exactly feel bored to reading. If their teacher expected them to go to the library as well as to make summary for some publication, they are complained. Just small students that has reading's spirit or real their leisure activity. They just do what the educator want, like asked to go to the library. They go to presently there but nothing reading really. Any students feel that reading through is not important, boring and can't see colorful photographs on there. Yeah, it is to be complicated. Book is very important to suit your needs. As we know that on this time, many ways to get whatever we want. Likewise word says, ways to reach Chinese's country. Therefore this furtl can make you experience more interested to read.
