La salud como derecho: Estudio comparado sobre grupos vulnerables (Equidad y Justicia) (Spanish Edition) Diana Patricia Quintero Mosquera
Este libro es el resultado de una investigación que giró en torno a dos preguntas: ¿cuáles son los ámbitos de protección del derecho a la salud de los grupos vulnerables, de acuerdo con la forma en que este derecho se viene protegiendo en el ordenamiento jurídico colombiano desde 1994? y ¿cuáles aspectos del modelo colombiano son propios de las particularidades jurídicas y socioeconómicas de este país y cuáles son comunes a los contextos de los modelos mixtos de protección del derecho a la salud en Latinoamérica? En la respuesta a la primera pregunta se fija el contenido del derecho y la extensión, en términos cuantitativos, de dicha protección jurídica y en la respuesta a la segunda se determinan los ámbitos de protección jurídica del derecho en Argentina y Chile y en la jurisprudencia interamericana de derechos humanos, y se contrastan con la situación en Colombia. Se pone así en evidencia que los modelos mixtos de protección de la salud (participación de los particulares y del Estado) enfrentan grandes limitaciones para garantizar efectivamente el derecho a la salud de la población más vulnerable. Libro en coedición con la Universidad Icesi y la Red Alas .
