REVEL for Public Speaking -- Standalone Access Card (8th Edition) David Zarefsky
Teach Students Sound Strategies for Public Speaking
REVEL™ for *Public Speaking: Strategies for Success* gives students the tools they need to think critically, plan strategically, and speak effectively. By thinking analytically, organizing ideas, doing sound research, and properly assessing their audiences, students learn how to successfully inform and persuade. In the process, they build necessary skills for many other areas of life. REVEL for the Eighth Edition builds on the idea that public speaking is a strategic practice. It allows students to recognize that public speaking is an art dictated by the dynamics of an audience. By learning a set of norms and expectations and strategizing how to plan for any situation, students are better able to achieve their public speaking goals. Students learn to prepare for any public speaking situation by assessing different strategies and developing habits of analysis and memory through examples, activities and sample speeches. Emphasis on underlying theory throughout helps students understand how certain speakers and their audiences engage one another.

REVEL is Pearson's newest way of delivering our respected content. Fully digital and highly engaging, REVEL replaces the textbook and gives students everything they need for the course. Informed by extensive research on how people read, think, and learn, REVEL is an interactive learning environment that enables students to read, practice, and study in one continuous experience — for less than the cost of a traditional textbook.

NOTE: REVEL is a fully digital delivery of Pearson content. This ISBN is for the standalone REVEL access card. In addition to this access card, you will need a course invite link, provided by your instructor, to register for and use REVEL.
