For every teen who is creative, bright and thinks that they are not good at math. Change a student's perspective with 180 Pages of Math for Creative People.

Yes, we add, subtract, multiply and use algebra, but it’s not like school! It’s not even like the math you know. It’s all about inventing, being creative, and bossing around the little people who run all your machines.

You will manage a business, pay your little workers, enter competitions, write advertisements, become a journalist, sell inventions, and create new games.

Practice using ALL the math you will actually need in REAL life!

This is the ultimate mathematical workout for creative thinkers. This book was created as an alternative to boring and repetitious math workbooks we all hate. Use this for Homeschooling ages 13 to 17, or for any one who wants to play with numbers!

There is nothing In this book that is not FUN.

For Age 13 and Up - Homeschool High School and Middle School

Good for Students with Dyslexia, ADHD and Autism.
