Why Are You Single?: ...and It's probably not what you think Sonia Everett Mckie
This book is based on why I was single and what GOD placed in my heart concerning why many other men and women are single too. Since the beginning of time, the devil has been trying to undo the very thing that God has purposed for our lives. It's not God's will for us to be single nor is it his will for us to suffer being single. Many men and women today think they know the real reason why they are single, however God has revealed to me many other reasons contrary to what they think. As you read this book you will go on a journey of self examination which will help you understand the real reason why you are single or want to stay single.
