Martin White

Enterprise Search Martin White

Is your organization rapidly accumulating more information than you know how to manage? This book helps you create an enterprise search solution based on more than just technology. Author Martin White shows you how to plan and implement a managed search environment that meets the needs of your business and your employees. Learn why it’s vital to have a dedicated staff manage your search technology and support your users.

In one survey, 93% of executives said their organization is losing revenue because they’re not fully able to use the information they collect. With this book, business managers, IT managers, and information professionals can maximize the value of corporate information and data assets.

- Use 12 critical factors to gauge your organization’s search needs
- Learn how to make a business case for search
- Research your user requirements and evaluate your current search solution
- Create a support team with technical skills and organizational knowledge to manage your solution
- Set quality guidelines for organizational content and metadata
- Get an overview of open source and commercial search technology
- Choose an application based on your requirements, not for its features
- Make mobile and location-independent search part of your solution

From reader reviews:

Gary Morrell:

What do you in relation to book? It is not important together with you? Or just adding material when you really need something to explain what your own problem? How about your spare time? Or are you busy individual? If you don't have spare time to accomplish others business, it is give you a sense of feeling bored faster. And you have spare time? What did you do? Everyone has many questions above. The doctor has to answer that question due to the fact just their can do in which. It said that about guide. Book is familiar in each person. Yes, it is suitable. Because start from on kindergarten until university need this specific Enterprise Search to read.

Gerald Morin:

Do you really one of the book lovers? If so, do you ever feeling doubt when you are in the book store? Attempt to pick one book that you find out the inside because don't assess book by its deal with may doesn't work is difficult job because you are frightened that the inside maybe not as fantastic as in the outside look likes. Maybe you answer could be Enterprise Search why because the amazing cover that make you consider about the content will not disappoint you actually. The inside or content is usually fantastic as the outside or maybe cover. Your reading 6th sense will directly make suggestions to pick up this book.

Ellis Arnold:

Are you kind of active person, only have 10 or maybe 15 minute in your morning to upgrading your mind skill or thinking skill actually analytical thinking? Then you have problem with the book than can satisfy your small amount of time to read it because all this time you only find book that need more time to be go through. Enterprise Search can be your answer as it can be read by you who have those short extra time problems.

Gregory Polster:

That guide can make you to feel relax. That book Enterprise Search was colorful and of course has pictures on there. As we know that book Enterprise Search has many kinds or genre. Start from kids until young adults. For example Naruto or Private investigator Conan you can read and think you are the character on there. Therefore , not at all of book are make you bored, any it offers you feel happy, fun and rest. Try to choose the best book for you and try to like reading which.
