"Filled with adventure, action and outrageous comedy, OTTO VON TRAPEZOID & THE EMPRESS OF THIEVES is a wildly entertaining read." -Paul Regnier, author of Space Drifters: The Emerald Enigma OTTO VON TRAPEZOID AND THE EMPRESS OF THIEVES is the story of two criminal masterminds who can conquer anything except their own feelings. Otto Von Trapezoid is a mad scientist who rules an army of robots from his orbital space station. Angry and grumpy, he sees no value in humanity except becoming their ruler. Esmerelda Santa Monica is the stylish self-proclaimed "Empress of Thieves," who values her own legend and the thrill of the theft over actual wealth. Both live lonely lives, the desire to become the greatest villains of all time primarily on their minds When the two meet in simultaneous attempts to blackmail the UN, their instincts are to attempt to kill one another, but soon they discover a mutual attraction that neither thought possible. Once they begin to pool their resources, the pair seems on track to become the most successful evil-doers of all time and set out to conquer the world itself. But what happens when their villainous natures emerge, and both realize there can only be one absolute ruler of Earth? Can either be satisfied with being second to another? To make matters worse, they must deal with the protestations of Otto's sidekick robot SCRAP, the meddling of their fellow villains, their families, and worst of all, heroic superspy Jake Indestructible is determined to bring them both down, once and for all. Filled with robot dinosaurs, exploding dinner parties, and villainous poker games, OTTO VON TRAPEZOID AND THE EMPRESS OF THIEVES is a hilarious sci-fi comedy that will leave you falling in love with the bad guys!
