Any metal object, such as a box or picture frame, can be made more attractive with embossing. Here are twenty projects which, when combined with the new ease of pliable foils, will have you creating beautiful objects in no time. The tools you'll need, the materials required, as well as a guide to getting used to new techniques, are all explained thoroughly. Emboss stripes onto a metallic herd of wandering zebras (the white are highlighted, while the dark ones recede into the background). Make a watering can bloom with tulips. Adorn switchplate covers. From the Butterfly Bucket to the Bear Tracks Plaque, each project is fabulous!
