Your Dream Machine Jane Willhite, Bob Proctor, Berny Dohrmann

Your Dream Machine is the much-anticipated book from Jane Willhite, co-founder of Personal Success Institute (PSI), the leading authority and pioneer in human potential training for the past 35 years. The book features true stories of PSI Seminars graduates who unlocked the key to realizing their dreams and created the life they imagined.

Rooted in Napoleon Hill's philosophy "to think is to create," *Your Dream Machine* will inspire you to make life happen *for you*, rather than let life happen to you. In this book 32 inspiring leaders share how they harnessed the power of the mind to design their lives, and how you can follow their example and experience a life limited only by your imagination!

From the introduction by Bob Proctor, world-class speaker, star of *The Secret* and author of the bestselling book, *You Were Born Rich*:

"The Wright brothers did not know how they were going to get the plane in the air, they only knew they would. Edison did not know how he was going to illuminate the world, but he did. Dr. Warner Van Braun didn't know how he was going to put a man on the moon; he just knew he would. You don't know how you're going to get everything you write on your list, the only prerequisite is that you want to be, do or have it. Your age, gender, education, background, has absolutely no bearing on you turning your dreams into reality."
