Community Is Messy: The Perils and Promise of Small Group Ministry

Heather Zempel

Community Is Messy: The Perils and Promise of Small Group Ministry Heather Zempel
Heather Zempel oversees the community life at a multisite church in Washington, D.C., a challenging population with one of the highest relocation rates in the United States. And yet under her leadership, National Community Church has become a model for creative, dynamic, deep small group ministry. Drawing from her background as an environmental engineer (including such bizarre experiences as monitoring a pig lagoon and the unintended slaughter of a hundred innocent fish), Heather Zempel assesses the perils and possibilities inherent in small groups and other environments for Christian community. The book helps leaders begin to see the inherent "mess" of such gatherings as raw material for arriving at something beautiful. Read this book and discover fresh insights into how we can support one another's unique paths to maturity in Christ while maintaining cohesion as a community and blessing the world around us.
