Patent Law: Cases & Materials

Joseph Scott Miller

Patent Law: Cases & Materials Joseph Scott Miller
This book is tailored for use in a U.S. law school course on patent law and policy. Prof. Miller, who has taught patent law since 2001, has carefully selected and tightly edited the cases and materials in this volume. It is current through the Supreme Court term that ended in June 2015. Importantly, this collection of materials is expressly designed for use in close conjunction with a specific softcover treatise published by Wolters Kluwer—namely, Janice Mueller's *Patent Law, Fourth Edition* (Aspen Student Treatise Series 2013). At the start of each new topic, this book indicates which pages of Mueller's *Patent Law* are most relevant to the cases present herein.
