TESTIMONIALS.
Whats up! I just found it necessary to drop a line you dude. I downloaded your hook-up book this morning while at work. I was dying to try it the same day so I read through the training program then set up my cell phone number on some of the card sheets. I realise that you said to always print them in color and on the particular paper that you strongly suggest but I just printed them on some regular photo paper just before I got off work at 3:30 and cut them out myself. Before going home I stopped off at the supermarket. I saw several females there that I thought were attractive. Using your tips and cheat sheet I chose the cards that I thought would do the task and just gave them to about 6 different women from inside the supermarket. All I really said was "Hi". Or "Whats up?".

I got a date!

What could possibly be easier?
Step-by-step Operating instructions.

STEP # 1) Setup and download the proven results getting Hook-Up cards that appeal to most females's basic Needs and Wants.

STEP # 2) Read the straightforward but crucial directions, tips, guidebooks and step by step directions for getting these cards into the hands of young ladies you'd like to meet. Learn exactly which type of card to use and why and how to do it the right way.

STEP # 3) Print the cards out on card stock in color at your closest printer or on your own PC or Mac per our

directions.

STEP # 4) Keep them with you wherever you may go.

STEP # 5) The very next time you see ANY woman ANYwhere and have a desire to meet her just select the appropriate card based upon a few particulars about her and where she is. Approach her, greet her, hand her the card, then 'distance yourself' acting nonchalant and aloof (important).

STEP # 6) Allow the card to do it's job... there is nothing more for you to do now. She'll do one of three things.

A. Ask you something about the card and thus begin a conversation naturally, comfortably and effortlessly because she'll be really curious.

B. Acknowledge the card, accept it, stick it in her pocket or purse to call the number later.

C. Take the card and then give you no clear indication that she's either interested or intrigued by the card or you (rare) but she still may call it later just because she is interested in the topic that the card addresses and because it appeals to some of her needs and wants.

STEP # 7) You check your voice mail from time to time then you call up all of the women that have left you their name, telephone number and other personal info on your voice mail box.

STEP #8) Follow our scripts to give them exactly what they were expecting (info on a particular subject) and more.

STEP #9) Use this opportunity and the proven tips we give you to transition this call into a personal call that she enjoys, has fun with and will be eager to repeat. Build attraction in her easily and naturally because you are now in a position of status and power with her. (I explain all this in detail)
