Capitalist Crusader: Fighting Poverty Through Economic Growth Herman Mashaba
'When I had to give up my university studies 35 years ago I was so angry that I wanted to leave South Africa, get military training and an AK47 and come back to kill evil white people … I'm just as angry now as I feel my economic freedom is under threat, but I'm staying to fight for what I believe in.' When Nelson Mandela became South Africa's president in 1994, Herman Mashaba thought his struggle for personal and economic freedom was over, the battle won. Twenty-one years later, he has had to question that assumption as his freedoms are eroded and economic controls tighten. Mashaba, a selfmade entrepreneur who started his business Black Like Me in the dark days of apartheid, is committed to freeing South Africans from poverty. As a successful business person, Mashaba says he can no longer be silent on the state of the South African economy. In *Capitalist Crusader* he outlines his quest for economic freedom for all South Africans?through a firm commitment to capitalist principles. He describes the changes in his political affiliations and maps out the route South Africa needs to follow to escape entrenched unemployment, poverty and inequality.
