Leonardo da Vinci for Kids [$8.45-Paperback Version]

ABOUT 'SMART READS for Kids'..."Love Art, Love Learning"
Welcome. Designed to expand and inspire young minds; this is a range of short educational books (with supporting free online resources) for ages 7+. Although one great artist's life and work are always the central theme, wider learning is encouraged as follows:
* Geography & History. Locations or events mentioned are always accompanied by a colorful map or a snippet of history so that the opportunity to learn some general knowledge does not pass the young reader by.
* Vocabulary. A manageable number of new words are introduced and reused. They are always in bold with clear definitions and pronunciations. There is also a Glossary.
* Math. At least one math statement and its accompanying calculation is always included.
* Concentration. Each book is in the friendly first person and a trail of footprints always leads to a cartoon animal at the end. The author asks questions of the reader and there is always a quiz. These features keep kids engaged and encourage them to form their own opinions. There is a high ratio of images to text.

ABOUT JUNIOR LEONARDO DA VINCI
Da Vinci was of course far more than a great artist. The full journey of his life is covered including: an account of everyday Renaissance Italy with its tyrannous leaders, the historically precocious and inquisitive nature of Leonardo's mind, his inventions, the story of his secret mirror writing (which provides an opportunity to learn a little about shapes with symmetry) and the mysteries of the Mona Lisa. There's also a simple recipe for Renaissance paint and some dragon hunting!
On this journey children will encounter all of da Vinci's most famous paintings and drawings--no child will fail to be inspired.
DETAILS:
Locations Mapped: Present day and Renaissance Italy, Greece, France and The Ottoman Empire. Paintings and Drawings: 30 including: The Mona Lisa, The Last Supper, Vitruvian Man, sketches of flying, hydraulic and combat machines, The Baptism of Christ, Michelangelo's Sistine Chapel, The Virgin & Child with St. Anne and John the Baptist.
Vocabulary Defined: Anatomy, Apprenticeship, Baptism, Blood Vessels, Catapult, Circa, City state, Curiosity, Engineer, Euro, Genius, Infinite, Luxuries, Observe, Obsessed, Orbit, Polymath, Renaissance, Ridiculous and Symmetry.
New Artists Introduced: Michelangelo and Ingres.
Broader Topics: Why the Renaissance occurred, the importance of freethinking and the modern scientific method, the value of pursuing many interests and seeing projects through to the end.
Online Resources:
-Printable coloring sheets (including the Mona Lisa) and a children's fun design challenge.

-A color slide show containing all the images used. This is accessed via a password which is given at the back of the book. (A test version is available to try before you buy. Visit theportraitplace.co.uk and select 'Hardware Solutions' in the 'SMART READS for Kids' dropdown menu.)
Words: 3900

NOTE: THIS BOOK IS ALSO AVAILABLE ON AMAZON IN BRITISH ENGLISH
