Into That Forest Louis Nowra
Two girls survive a terrible flood in the Tasmanian bush and are rescued by a pair of Tasmanian tigers who raise them in the wild. Their story of survival is remarkable, as they adapt to the life of the tiger, learning to hunt and to communicate without the use of human language. When they are discovered and returned to civilization, neither can adapt to being fully human after their extraordinary experience. Totally believable, their story will both shock and captivate readers as it explores the animal instincts that lie beneath our civilized veneer.
